

Listen to the audio file and write your answers on rough paper or on an application like Microsoft Word.

1a. Kevin has 12 friends who own lots of animals. Listen to Kevin talk about each of his friends, and copy out the table below to keep track of (i) their names, (ii) the languages they speak, (iii) their jobs and (iv) the animals they own, adding more rows as necessary. Write all your numbers in word form instead of in number form (e.g. instead of '1', you should write 'one').

S/N	Kamradu sa nomi	Kamradu sa lingu	Kamradu sa sibrisu	Kamradu sa animal
1				
2				
etc.				

1b. Now, listen to 5 questions about Kevin's friends and answer them using the information you have in your table.

CHALLENGE *Write out the questions in addition to your answers.*

1c. Pre-Learning for Lesson 3 (CHALLENGE): Write either "yes" or "no" in Kristang to the next 3 questions that you hear about Kevin's friends.

In English, if someone asks us if we have something, and the answer is no, we can add, "No. I do not have one."

Listen to Kevin respond in Kristang to the same three questions about his friends. Which word(s) do you think mean "do not have" in Kristang?
