1. Kevin and Fuad are planning their schedule for the next two weeks in Geneva. Listen to the weather forecast for the next two weeks and fill in the blanks for the weather on Kevin and Fuad's schedule. Then, once you've filled in the weather, help Kevin and Fuad finish their schedule by adding in the missing events listed below. Note that all the events have particular conditions on when they can be carried out listed in the column on the right, which you must take into account in addition to the weather conditions.

2. Kevin packed his suitcase well in advance of the trip, so when he arrives in Geneva he can't remember what everything is for. Based on the weather and Kevin and Fuad's schedule in Question 1, write a complete sentence for each item in Kevin's suitcase below explaining what each item is for in Kristang, using *pra* in your sentences. Some items can be used for more than one activity.

**EXAMPLE** For the first item, you write, "The spatula is for cooking the barbecue." in Kristang.

The ten items are a basket, a cap, a helmet, a net, a pair of garden scissors, a pair of shoes, a pair of sunglasses, a spatula, a tray and an umbrella.
