2. Tessensohn Primary School principal Frances is concerned that some teachers will not have enough time to finish meeting all their parents. Frances will add an extra day of PTM if three or more teachers cannot finish meeting all their parents. Listen to Frances speak to Kevin about the situation and fill in the table below, adding more rows as necessary. Then, determine how many teachers will be unable to finish meeting all their parents, and whether Frances needs to add an extra day of PTM.
