BREAKOUT 1: REVISION OF SA

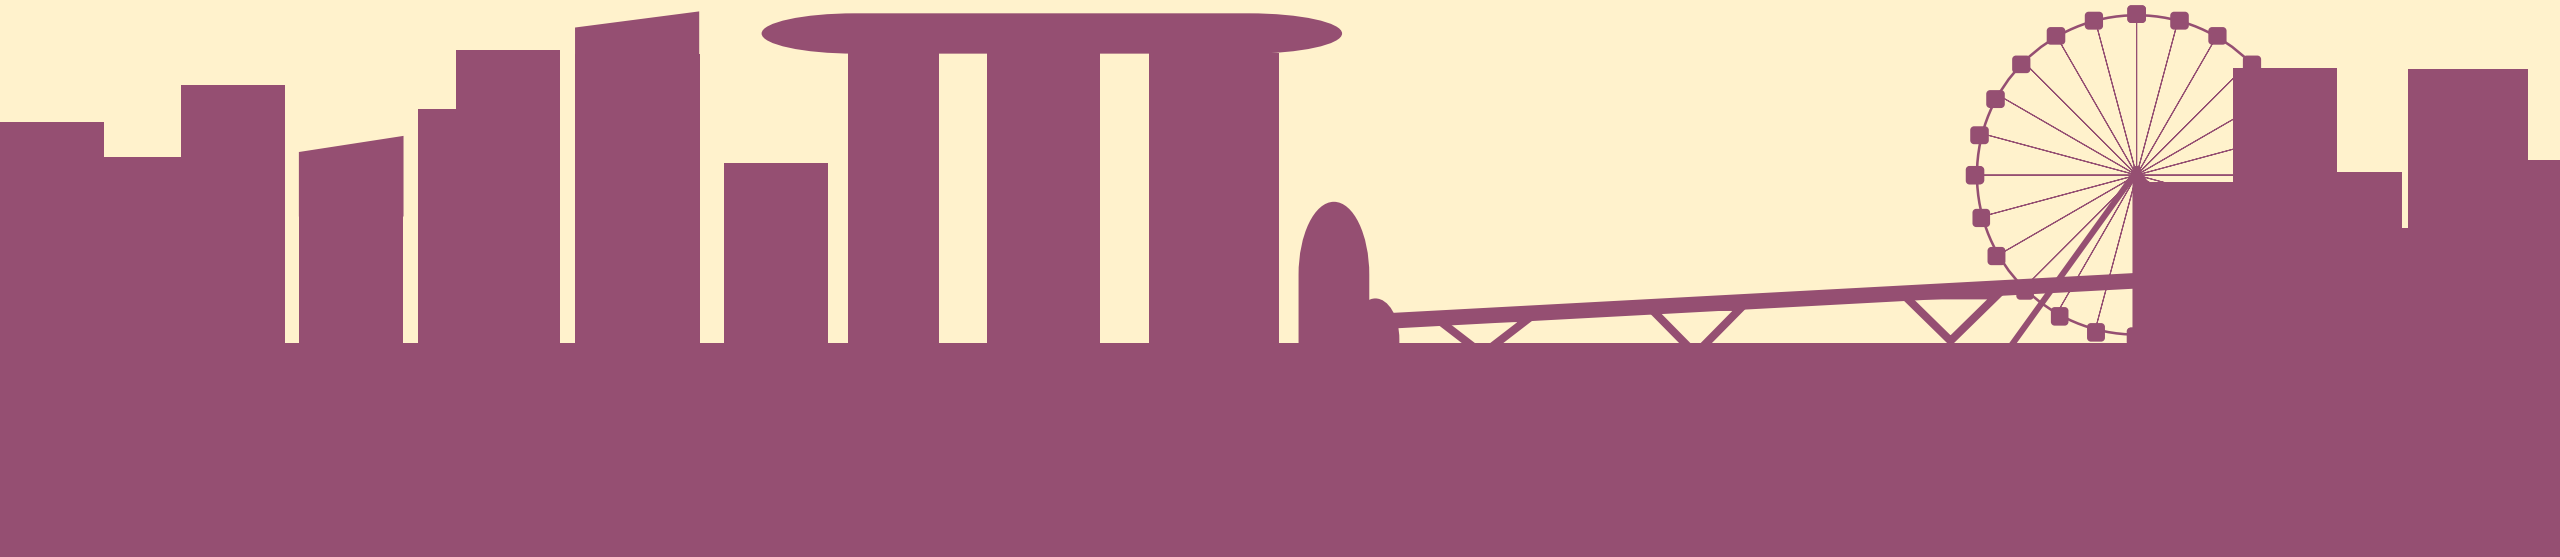

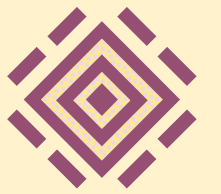

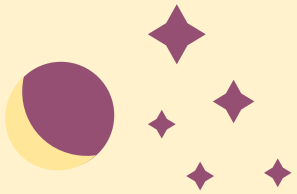

1. Each person constructs a question using isti, akeli and SA about any of the objects around them. The question be true or false (i.e. you can hold up a book and say "isti yo SA KADERA?")
2. On your turn, pose your question to someone else in the group (e.g. "Kevin, isti yo SA KADERA?")
3. You can be sneaky and change yo, bos and eli!

Luís yo sa kambradu.
Yo teng kambradu.

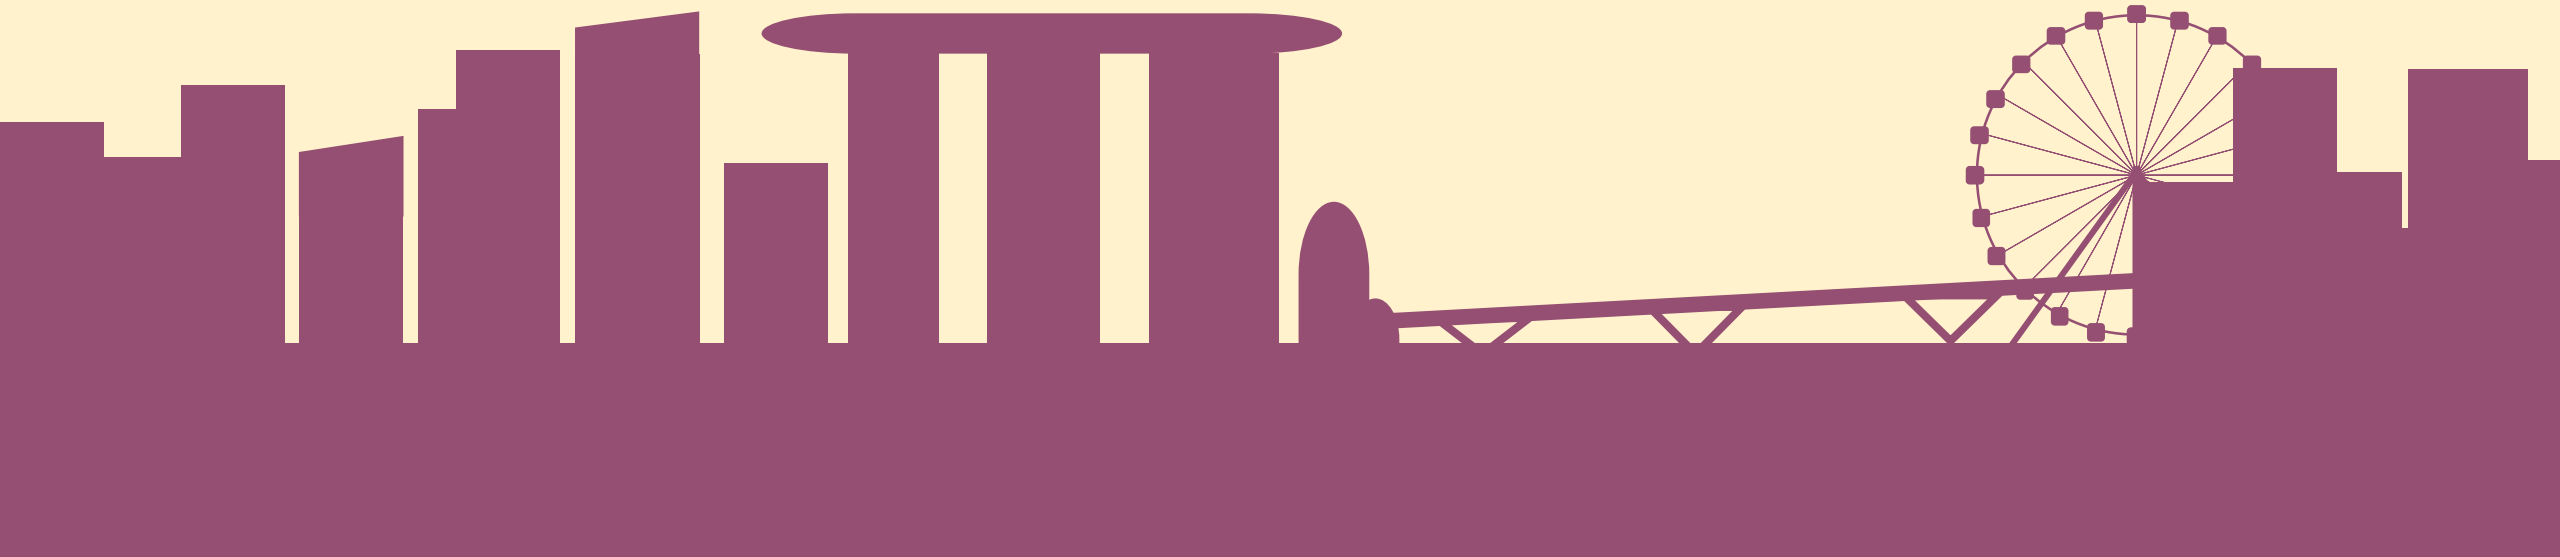

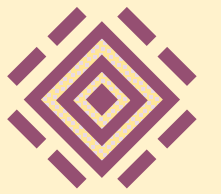

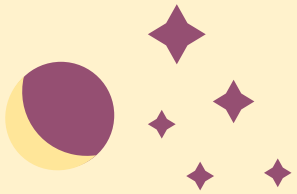

Kevin bos sa mestri.

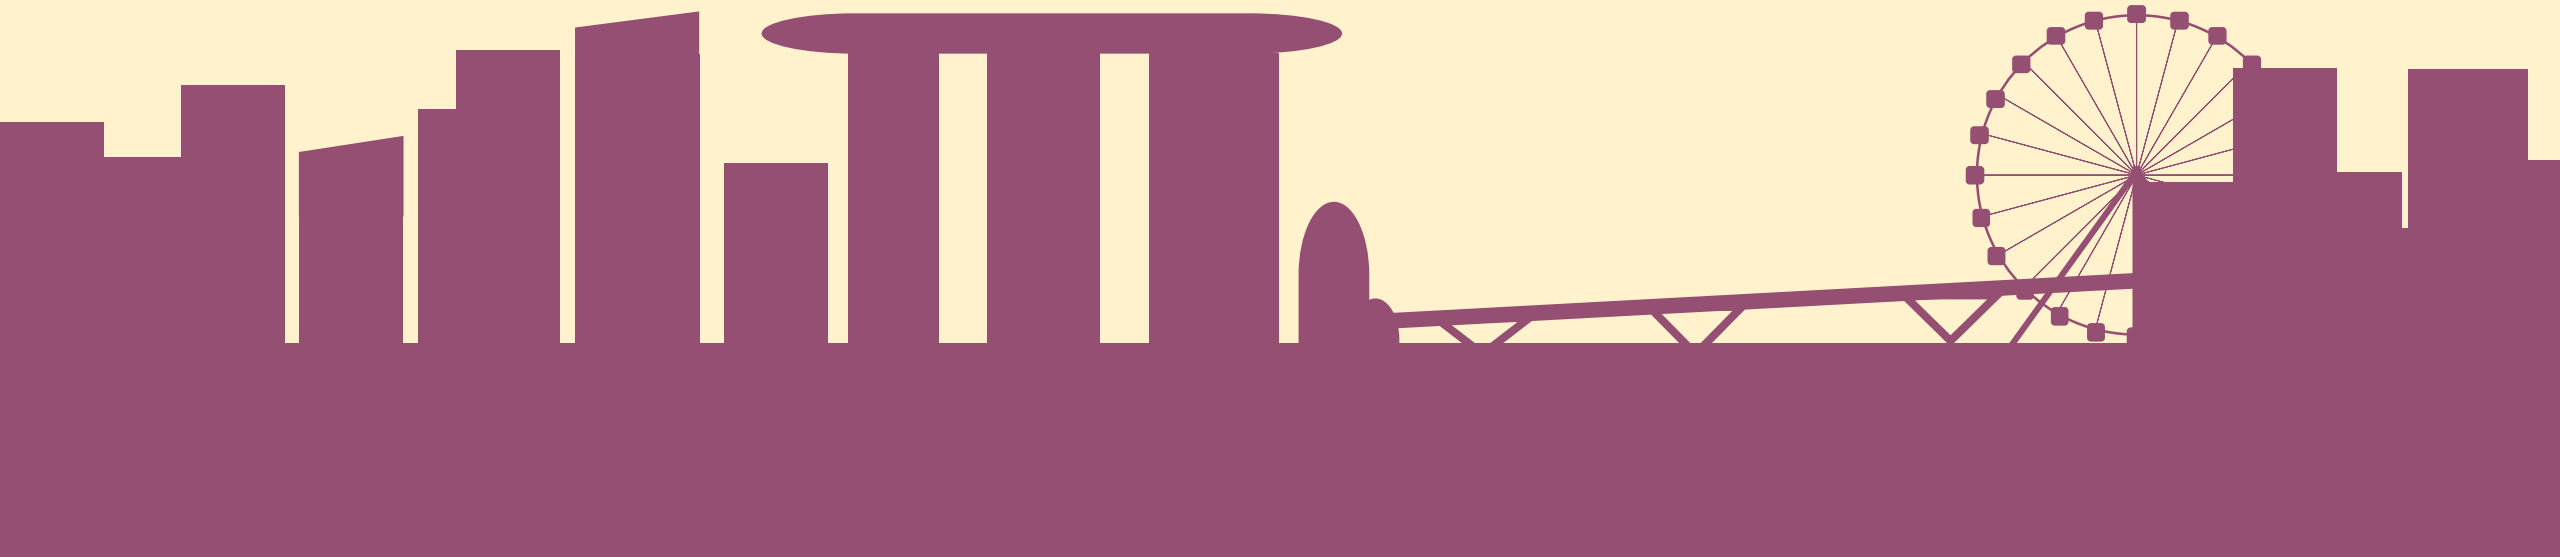

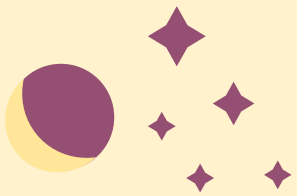

Bos teng mestri.

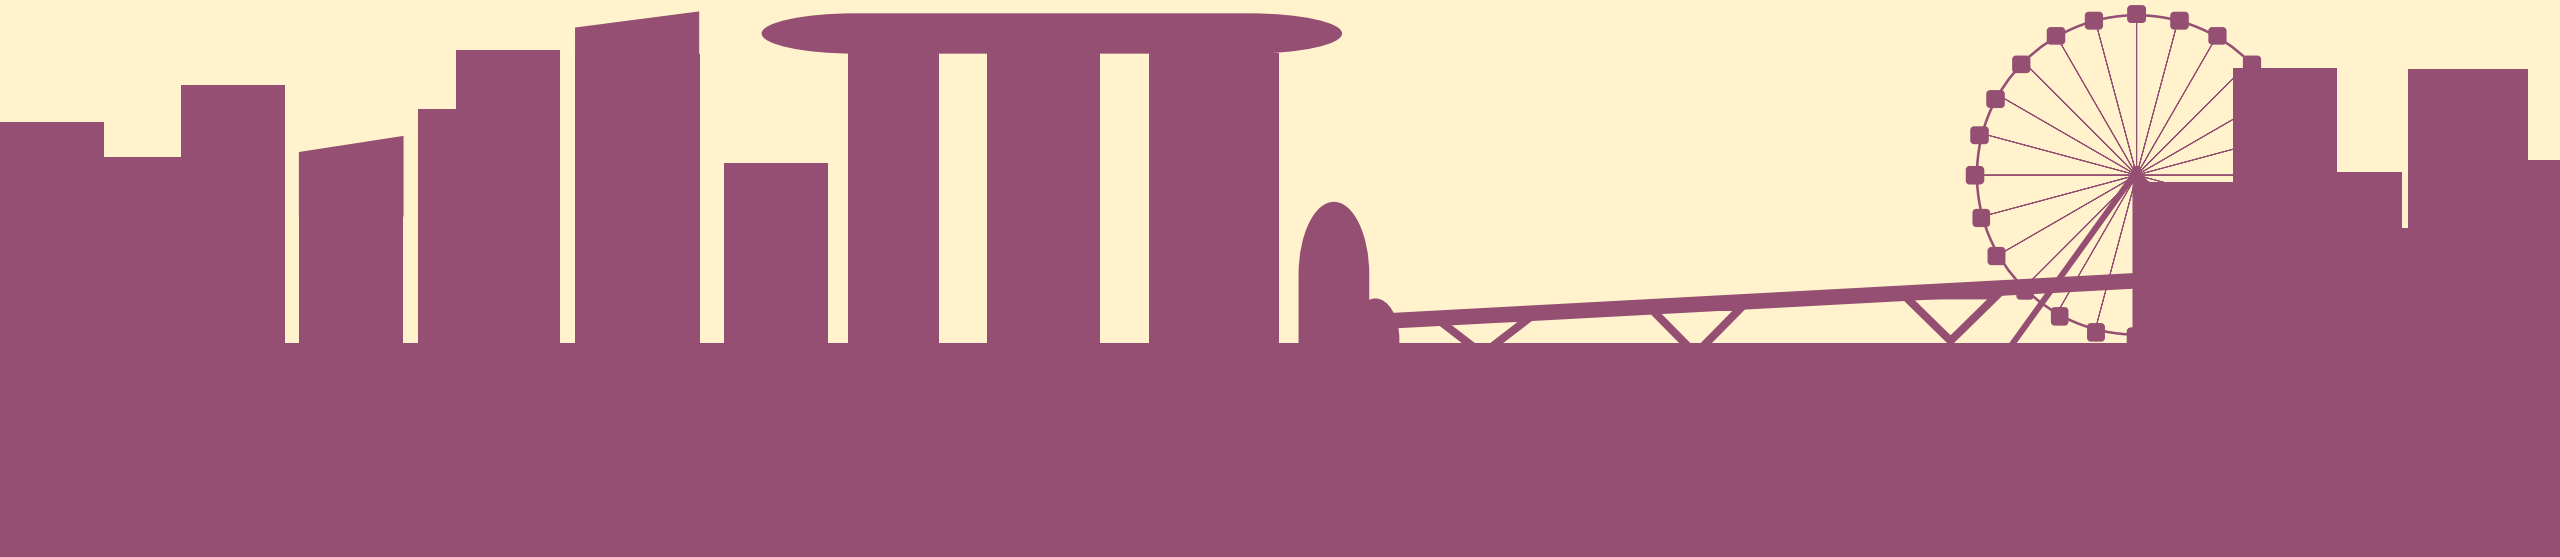

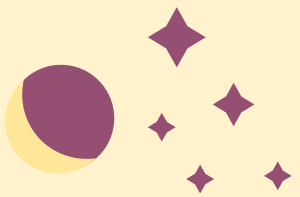

Kevin Bernard sa studanti.
Bernard teng studanti.

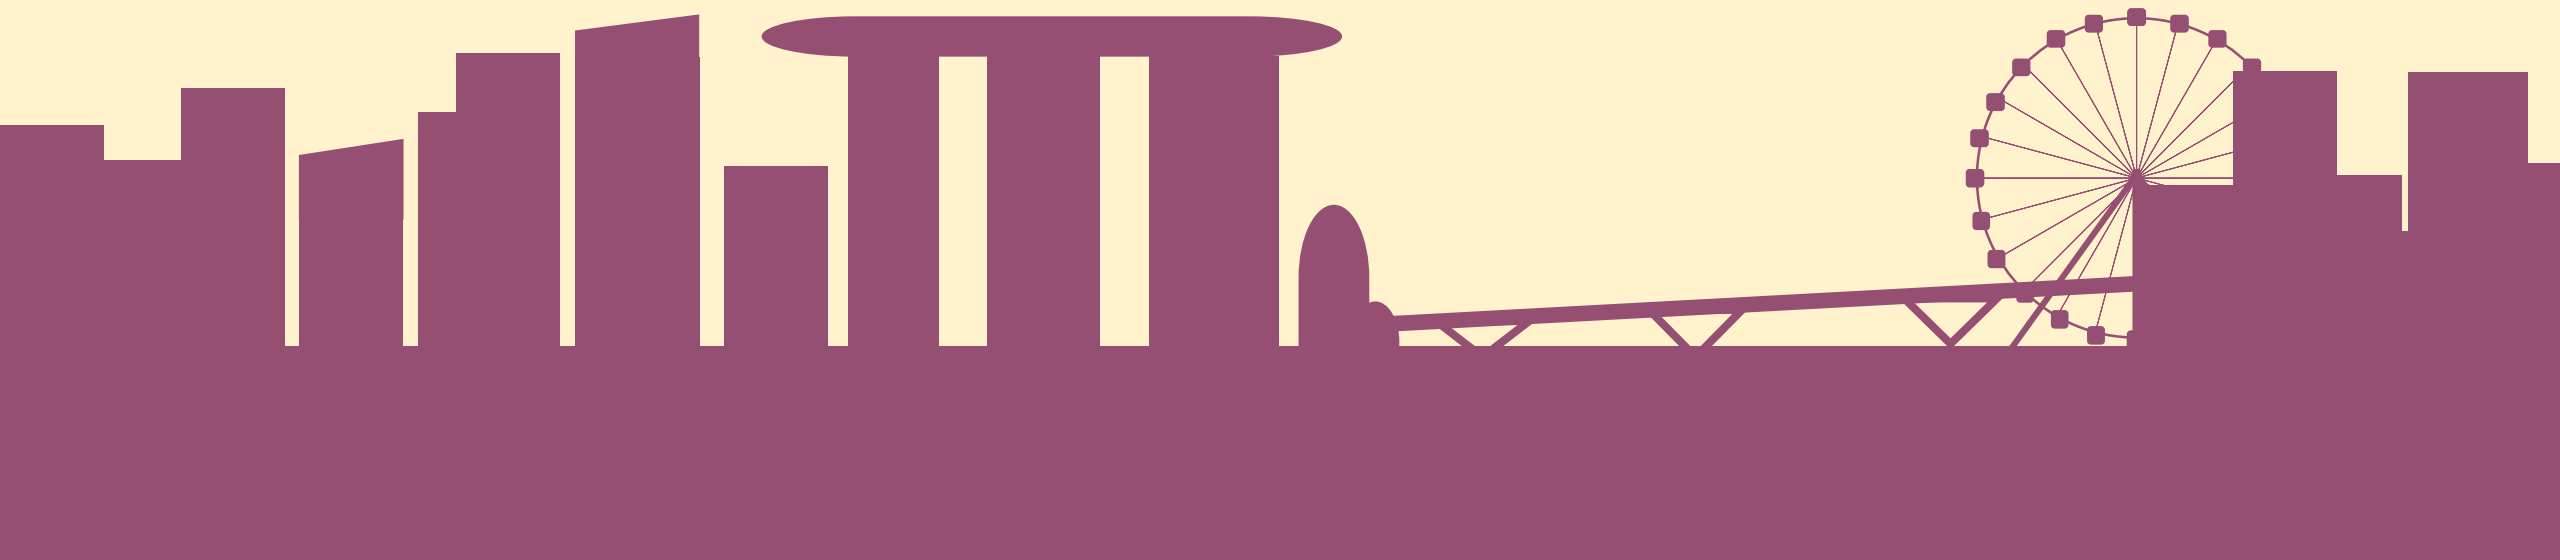

Fran kung Kevin Bernard sa studanti.
Bernard teng 2 studanti.

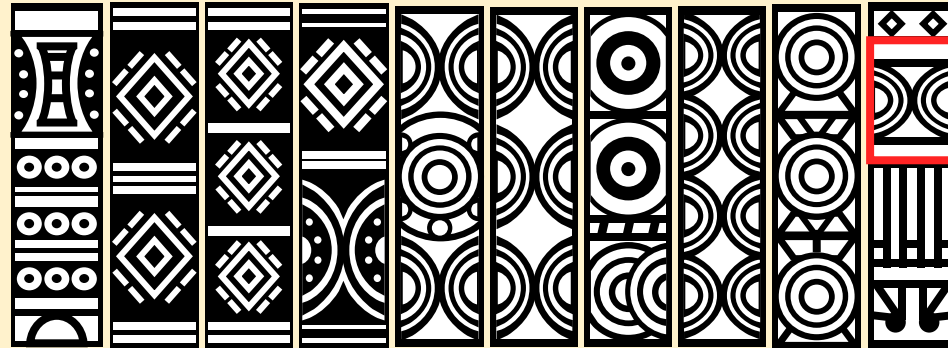

Bos teng kantu studanti?
Yo teng z studanti.

Eli teng kantu studanti?
Eli teng 9 studanti.

Bos teng kantu studanti?
Yo nteh studanti.

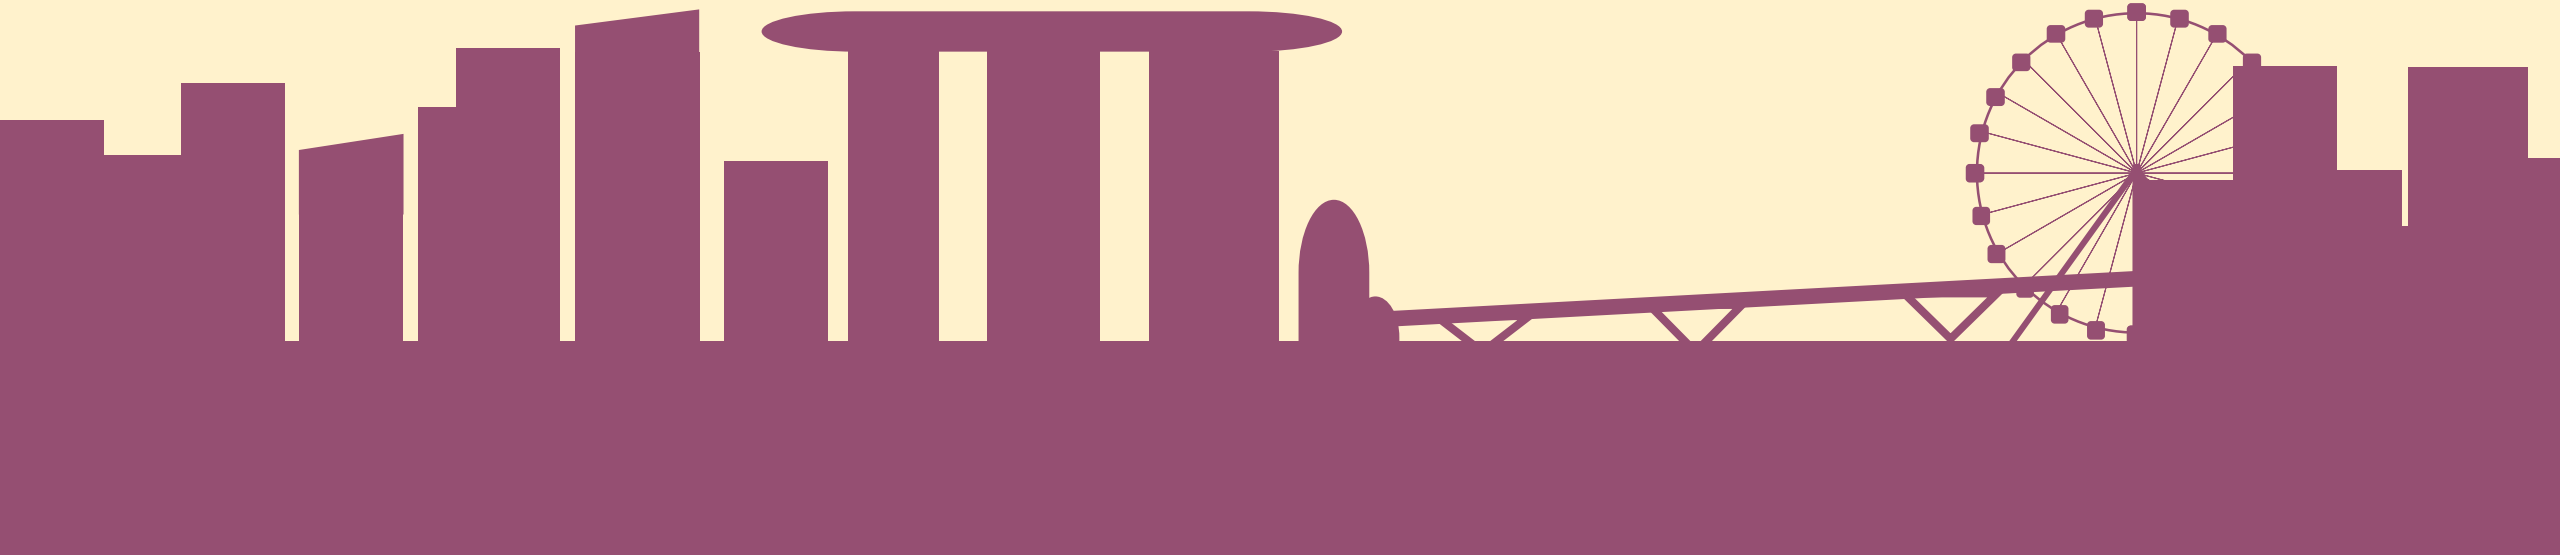

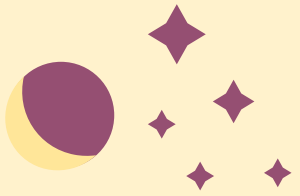

Ki bos sa nomi?

Ki bos sa alkuniya?

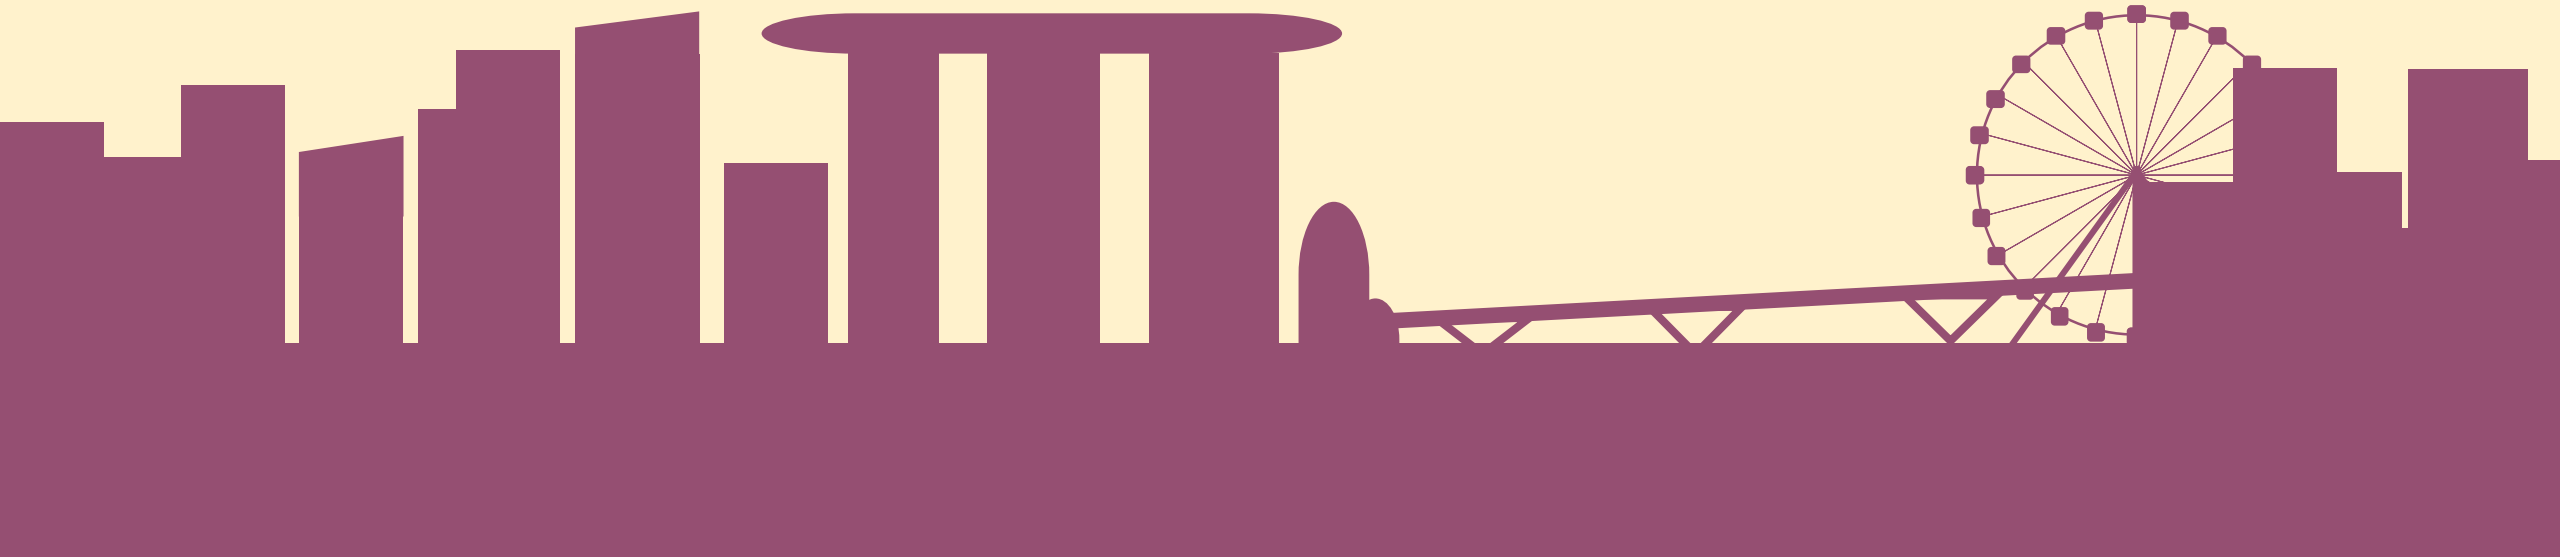

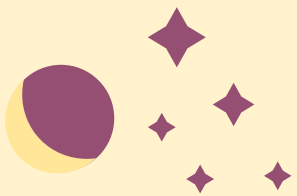

Yo sa alkuniya Wong.

Frances sa alkuniya Loke.

Luís teng tantu alkuniya.
Fuad nteh alkuniya.

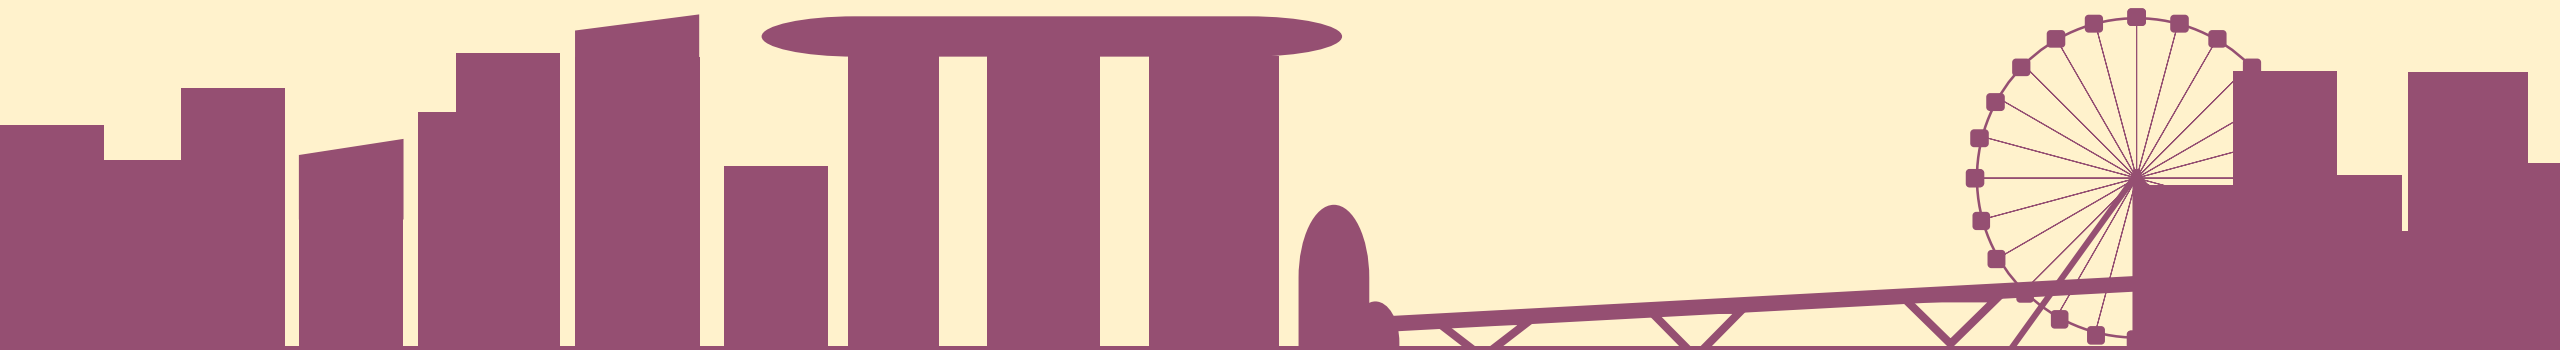

BREAKOUT 2: KANTU AND TENG

1. Each person constructs a question about how many of something someone else has!
2. On your turn, pose your question to somebody else. You can again be sneaky and ask other people questions about other people 😊

Isti yo sa studanti femi.

Isti yo sa studanti machu.

BREAKOUT 3: FAMILY TREES!

1. EVERYONE will take turns to ask your judanti questions about the judanti's family tree.
2. Use the questions we have learned starting with ki, keng, kantu and klai.
3. You can try drawing your judanti's family tree too! This is good practice for the next activity.

BREAKOUT 4: MORE FAMILY TREES!

1. You AND three other kambradu will be placed in a breakout room together.
2. Ask each other questions in Kristang AND draw each other's family trees!
3. You CAN use pen AND paper, an app OR any method you feel comfortable with to draw their tree.
4. At the end of the activity, show each other your family trees AND see how accurate they ARE!
